

See It Now Photography offers the latest in digital photography technology. Our goal is to offer the golfers the opportunity to remember this event through personalized photography, while also promoting the event to all who view the photos afterwards.

Our digital photographic technology provides those attending with our ability to:

1. Photograph the golfers (groups or individually)
2. Apply a customized tournament graphic border **promoting** the tournament and/or a sponsor
3. Take home with them a professional photo memento from the event

### **PHOTOS CAN BE PROCESSED WITHIN 1 MINUTE**

All the golfer group shots (4-somes etc.) can be fulfilled and organized for golfers to pick up when they are even finished with their golfing. Each golfer will receive one photo of their golfing group. Each photograph can have a photo easel mat frame, customized graphic border with the tournament name, date, and location incorporated into it if the tournament committee requests this free option. This is what makes our photos a professional memento and not just a typical photo snapshot that the guests could take themselves. The golfers will appreciate the fact the tournament is supplying a tournament souvenir as a thank you for contributing and participating.

Our cost proposal options are as follows:

1. *Golfer's current hole photography* - We travel the course and photograph the golfers group at the hole they are currently on.

- Base fee of \$1000 (covers up to 100 group 5x7 photos) + \$8 per additional photo over the initial 100 group photos. 1 group photo for each golfer participating.
2. *Signature hole photography* – We photograph at one specific hole to capture the golfers with the tournament's ultimate golfing background. Base fee of \$1500 (covers up to 100 group 5x7 photos) + \$8 per additional photo over the initial 100 group photos. 1 group photo for each golfer participating.
  3. *Signature hole photography with group photo plus individual tee shot photo built into a composite of both photographs.* Base fee of \$2000 (covers up to 100 composite 5x7 photos) + \$12 per additional composite over the initial 100 golfer photos. 1 composite of each golfer's group and their individual action tee shot photo for each golfer participating.

If you have business sponsor looking for a unique way to market their business, we can apply their logo and/or name to the photos as well. A great way to market a business beyond the tournament compared to the traditional hole sign sponsorship. Business sponsors are a great way to offset the photography fees or simply increase your registration fee only \$10 per player. It's that simple.

We are currently scheduling numerous tournament dates, so please contact us soon in order to reserve your tournament dates.
